- Developed Wedding Planner android application and website which enables all the wedding planners and decorators to register and make their services available online.
- Technologies: Firebase, PHP, MySQL, JavaScript, HTML/CSS

Education

Indian Institute of Information Technology, Kalyani

B.TECH. IN COMPUTER SCIENCE AND ENGINEERING

Kalyani, West Bengal

Aug. 2017 - May 2021

- CGPA 9.33

Kerala Samajam Model School

HIGHER SECONDARY

Jamshedpur, Jharkhand

- Percentage in Class XII - 97.25
- Percentage in Class X - 98

Projects

MyMovieList

ANDROID, FIREBASE, CLOUD FUNCTIONS, JAVASCRIPT, RETROFIT, REST API

www.mymovielist.digital

June 2020 - Aug. 2020

- Android App to browse through thousands of movie titles, add them to watchlists and share them with friends.
- Users can set the visibility of their watchlists to public or private. Public watchlists are visible to the entire community and other users can comment on them.
- Users can level up their profile and earn interesting badges whenever they share their watchlists with their friends, gain followers, earn views, etc

Random Video Call

ANDROID, AGORA SDK, FIREBASE, JAVASCRIPT, GOOGLE ADMOB

Jul. 2020

- Users can get matched randomly using backend algorithm when they join the waiting queue.
- If no one is online, the algorithm waits for 15 seconds for someone to join in before quitting the search

Readability Score Of Hindi Text By Semantic Analysis Of Grammar

NATURAL LANGUAGE PROCESSING(NLP), PYTHON, MACHINE LEARNING, NEURAL NETWORKS

Sept. 2019 - Jul. 2020

- The goal of this project was to achieve high accuracy dependency parsing of Hindi Treebanks made with AnnCorra specifications as well as find a way to give readability score to Hindi documents based on various Linguistic Features.
- Collected data for readability on a scale of 1 to 5 and then using other factors such average word length and frequency of different tags in the sentences, made a prediction about the readability of the sentence.

Java FX Code Editor

JAVA, JAVA FX, SCENE BUILDER

March 2019

- An Editor for Java with default dark mode which automatically switches to light mode if user makes a syntax error.
- Also formats the error stack trace and displays in a beginner friendly manner.

AI powered Depression Detection

ARTIFICIAL INTELLIGENCE, MACHINE LEARNING, ALEXA SKILLS

Feb. 2019

- Detects symptoms of depression in the user through Alexa using sentiment analysis of user's social media profile. In this the alexa skill will recommend certain solution to encourage user to interact and lighten his mood.
- Sends warning messages to trusted contacts in case of an emergency or certain trigger patterns.

Bechdel Test Score of Movies Using Computer Vision

OPENCV, PYTHON, NLP, DEEP LEARNING, FACE RECOGNITION

Jun. 2019 - Aug. 2019

- Used facial recognition through HAAR Cascade from OpenCV library in Python to detect two women sharing same frame. The gender of the detected faces is determined through deep learning using a simple Convolutional Neural Network which was trained on the Adience Dataset.
- Finally used NLP on the movie script to determine the topic of conversation.

Smart and Secure Shopping Cart

INTERNET OF THINGS, RASPBERRY PI, FIREBASE REALTIME DATABASE, RFID, ANDROID

Oct. 2018

- Reduces the time spent in queues in shopping malls by introducing a cart with automatic payment and inventory management.

GPA CALCULATOR

ANDROID, FIREBASE DATABASE

Jun. 2018 - Aug. 2018

- An android app exclusively for the students of IIIT Kalyani to calculate their SGPA and CGPA with cloud storage.

Skills

Programming Languages	Python, Java, C/C++, PHP, JavaScript, HTML, CSS, Assembly
Platform	Android Studio, Google Cloud, Kubernetes, Firebase, Tensorflow, Adobe XD, Figma, Unix
Development	Android, Flutter, Flask, MySQL, MongoDB, Git, PyQt, JavaFX, OpenCV, Numpy, Pandas

Extra Curricular

2019	Second Runner-Up , CodeUtsava 3.0, NIT Raipur Hackathon
2018	Best Hardware Hack , Hack-A-BIT, BIT Mesra Hackathon
2018	Runner-Up , WEBNET 2.0, IIIT Kalyani Web Developer Hunt
2017	Principal's Award , KSMS, All Round Performance
2016	Runner-Up , Inter-School Comic Strip Competition
2015	State Rank-1 & Global Rank-7 , SilverZone English Olympiad
2015	State Rank-4 , SilverZone Maths Olympiad
